

The big mood for Spring 2026 is color. Sunset saffron and  
curry combined with swimming pool petrol and teal;  
sundrenched mint meets electric pink.

The silhouettes are about ease and versatility, wardrobe heroes  
that go everywhere, in colors that feel really fresh.

In line with the versatility we recently launched menswear.  
Borrowing some pieces from the boys, leans into the  
nonchalance and confidence that is core to the Paraded vibe.
